

# Multimedia Production at Roundtable Learning

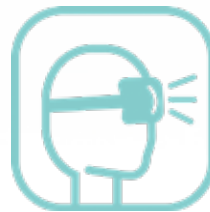

---

Roundtable Learning offers full-service media production from conception to delivery. We can take your message and develop a script and storyboard and produce high-quality video or animated media. We support your L&D initiatives with promotional videos, instructor training, conference lecture recording, scenario learning, technical skills training, video bumpers, 2D & 3D design and animation, and more.

---

## PRE-PRODUCTION

- Script Writing
- Storyboarding
- Location Scouting
- Talent Scouting
- Crew Procurement

## PRODUCTION

- Studio/Field Producers, Directors & Crew
- Single-Cam to Multi-Cam shoots (interviews, scripted commercials or conferences)
- Vast capture formats available: HD, 4K, 360VR, Aerial
- Lav, Boom & On-Camera mic recording

## POST-PRODUCTION

- Transcription service
- Import & edit any digital format
- Image stabilization, noise reduction, color correction & grading
- Audio noise reduction & dynamics processing
- Voiceover talent available

---

We can also support your in-house production team with our post-production services. If you have your own footage and media assets but need help producing a polished final product, we can help. We can edit your footage; clean up dark, shaky, or rough footage; and add music, transitions, and custom graphics to meet your scripted specifications.
